# This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country; some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel and restaurant and garage man expect that the masses of the people shall without hesitation ask for a look at the City Directory.

### The Hampshire Press is equipped to serve you.

We are among the six largest printing firms in Cambridge.

When price is an element, either on a small job or on quantity production, you will do well to get our quotation.

We would like to send you our publication "About Cambridge"

# When You are Looking for a Printer . . .

and are scanning the names of those listed in this Directory . . .

Please consider this about the Hampshire Press:

We are one of the leading printing firms of Cambridge, being one of the ten commercial plants doing their own machine composition, press work and pamphlet binding.

We are that happy medium between the large plant and the small job shop—which enables us to produce a large volume of quality work at most attractive prices.

Our volume increased each year during the depression and continues to increase. There is a good reason for this —one which works to the advantage of our customers—and will do so to others yet to become our customers.

Before placing printing, either on a competitive basis or otherwise, wouldn't you like to know just what we can do for you?

It takes but a telephone call to find out.

We would like to send you our publication "About Cambridge"

Do not say a name is not in the Directory because you cannot find it. You may not know the correct spelling under which it is listed.

Do not say a Church, Club, Association or Institution is not in the Directory because you cannot find it. Study the Index to Contents page—the second white page in the Directory and learn where to look.

Do not condemn the authenticity and completeness of YOUR City Directory without giving it a fair trial. Study it and learn its many valuable features with which you are not familiar. It is the greatest example of compiling and indexing out, to be found.
